## ON THE PLAZA

### ACTIVITY

After completing this puzzle, talk about how these words identify with the Sonoma Plaza. Can you make a list of 20 words for a word search puzzle about where you live? Create your own at: <https://bit.ly/445b8Az>

### FUN FACT

Sonoma City Hall was completed in 1908. It is built with stones cut by Italian workers at a quarry up the hill behind the Barracks. The stones are "basalt," made by a volcano around 7 or 8 million years ago. If you walk around City Hall, notice how all four sides are alike. That's because no business wanted to face the back of the building.
